SKILLS

- **Languages:** Java, Python, C++, HTML, CSS
- **Libraries:** Pandas, Seaborn, Matplotlib, Scikit-learn, NumPy
- **Databases:** MySQL
- **Tools/Platforms:** Git, GitHub, Visual Studio Code, IntelliJ IDEA, Microsoft Excel, Power BI
- **Soft Skills:** Problem-Solving, Team Collaboration, Time Management, Adaptability

PROJECTS

EasyInvoice Pro – Smart Billing & Management System | [Link](#)

Jun 2025 – Jul 2025

- Developed an end-to-end billing solution to manage products, quantities, discounts, taxes, and invoice generation with high accuracy and consistency
- Built a user-friendly Java Swing interface to streamline billing through an intuitive, well-structured, and easy-to-navigate desktop application
- Created an automated invoice generation system to produce accurate, print-ready invoices with consistent formatting, ensuring reliable documentation and streamlined business operations

Tech Used: Java, Java Swing, Object-Oriented Programming (OOP), PDF/Print Utilities

FraudLens 360 – Transaction Fraud Intelligence Dashboard | [Link](#)

Apr 2025 – May 2025

- Developed an end-to-end Power BI analytics solution to analyze 20,000+ bank transactions, detect fraud patterns, monitor customer behaviour, and deliver actionable business insights through interactive dashboards
- Implemented DAX measures using a Star Schema data model with one fact table and five dimension tables to analyze transaction trends, merchant performance, customer activity, fraud distribution, and high-risk behavioural patterns
- Designed four interactive dashboards featuring dynamic filters, drill-down analysis, and business-focused visualizations to support data-driven decision-making and fraud monitoring across multiple dimensions.

Tech Used: Power BI, Data Analysis Expressions (DAX), Power Query, Star Schema Data Modeling, Data Visualization

FraudLens Analytics – Bank Transaction Data Analysis Using Python | [Link](#)

Feb 2025 – Apr 2025

- Conducted comprehensive exploratory data analysis on bank transaction records to uncover spending behaviour, income trends, transaction distributions, and hidden financial patterns using Python
- Cleaned, transformed, and visualized transaction data to identify anomalies, detect suspicious activities, and generate meaningful business insights through statistical analysis
- Developed insightful visual reports enabling data-driven decision-making by presenting key performance metrics, fraud indicators, and customer transaction behaviour effectively

Tech Used: Python, Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn

TRAINING

Java Maestro: GUI Development Training (Lovely Professional University) | [Link](#)

Jun 2025 – Jul 2025

- Strengthened core Java fundamentals including Object-Oriented Programming (OOP), language features, memory management, and essential programming concepts
- Built responsive desktop applications using Java Swing, AWT components, layouts, and event-driven programming principles
- Applied exception handling, file handling, JDBC connectivity, and Java Date-Time APIs to develop reliable CRUD-based applications

Tech Used: Java, Java Swing, , Java Database Connectivity (JDBC), Object-Oriented Programming (OOP)

CERTIFICATES

- Privacy and Security in Online Social Media (NPTEL) | [Link](#) Jul 2025 – Oct 2025
- Java Maestro: Hands-On Training on Developing GUI Applications(Lovely Professional University) | [Link](#) Jun 2025 – Jul 2025
- Java Programming on Iamneo Platform(Lovely Professional University) | [Link](#) Jan 2025 – May 2025
- Binary Blitz Hackathon(Coding Ninja LPU) | [Link](#) Mar 2024

EXTRA CURRICULAR ACITIVITY

Community Development Program – Asha Niketan, Asansol (West Bengal) | [Link](#)

Jul 2024

- Volunteered at Asha Niketan to support children and adults with disabilities in daily learning, rehabilitation, and personal care activities
- Helped build an inclusive environment that encouraged confidence, social interaction, emotional stability, and long-term skill development
- Contributed to awareness initiatives promoting dignity, respect, accessibility, and equal participation for people with disabilities through community programs, outreach campaigns, and inclusive social engagement activities

EDUCATION

Lovely Professional University

Punjab, India

Bachelor of Technology - Computer Science and Engineering; **CGPA: 7.41**

Since Aug 2023

Narayana School

Intermediate; **Percentage: 73%**

Asansol, West Bengal

Mar 2022 – Mar 2023

Narayana School

Matriculation; **Percentage: 92%**

Asansol, West Bengal

Mar 2019 - Mar 2020
